

Burial Procedures

Giving Death Certificate

- 1- If death happens in official hospital or taken to the hospital after death, the death certificate will be written and signed by the head doctor of the hospital.
- 2- If death happens in a private hospital, the death certificate will be written by the relevant doctor but signed by the doctor of the municipality.
- 3- If death happens out of the hospital, the death certificate will be signed and given by the doctor of the municipality.

Informing the Death Events

Sudden and Unexpected Deaths

If doctors have any suspicion about the death, they can not arrange the death certificate without informing the judicial authorities or Provincial Directorate of Health.

Declaring the death to Provincial Directorate of Population

The deaths are declared to Civil Registry by the doctors who arrange the death certificate.

The Death of Foreign Nationals or Tourists

The deaths of the foreign nationals or tourists have to be informed in the same way.
